

MODEL: Q1 BODY WORN CAMERA

INTRODUCTION

Pe offers the most advanced body cameras in the industry and with its proof features, it is best in its class across video quality, battery life, functionality and ease of use. Q1 has a number of unique features, the most significant ones being the fully articulated camera, PTT integration and front facing screen.

FRONT FACING SCREEN

The front facing screen has a proven calming effect on people being recorded, once they notices they're being recorded on the screen, they are less likely to be violent and rude.

ARTICULATED CAMERA HEAD

Our design delivers outstanding performance on the life time of articulated camera head, over 30,000 rotation times, which provides an optimal FOV and flexible wearing options.

ON/OFF SLIDE SWITCH

Q1 is the easiest camera on the market to operate, with a sliding switch, simply slide the switch down, and the camera turns on and start recording.

PTT INTEGRATION

We consolidate our camera to be efficient but also practical at the same time, you are able to connect Q1 to your radios as a RSM.

ADVANCED IMAGE SENSOR

Allows officer to capture better evidence with improved low-light performance, reduced motion blur, and advanced audio with noise reduction technology.

H.265 CODEC

When it comes to storage, a high efficient video compression will be more preferable to save your resources.

12+ HOURS BATTERY LIFE

If a critical event happens, not having enough battery life left to capture the incident could be devastating, we provide 12+ hours battery life that supports your full shift.

MODEL: Q1 BODY WORN CAMERA

SPECIFICATION

Design	Dimension	99mm×55mm×28mm
	Weight	142g
	Articulated Camera Head	Horizontal: 250°, Vertical:20°
	Display	2.0-inch Screen
	LED Indicator	Yes
	AES-256 Encryption	Yes
	Type-C	Yes
	GPS	Yes
Video	Video Resolution	1920×1080, 1280×720, 864×480
	Encoding & Format	H.265 & H.264, MPEG-4
	Field of View	≥120°
	Distortion Correction	Auto
	Night Vision	Yes
	Tamper-Proof	User, S/N, Time & Date, Coordinates embedded on evidence
	Pre/Post Recording	Yes
	PTT Integration	Yes
Battery	Capacity	Built-in 3,450mAh Li-ion Polymer Battery
	Battery Life	12 hours
	Recharge Time	3 hours
Storage	Non-Removable	32GB
	Capacity	Store around 41 hours video at 720P, with H.265.
Reliability	Drop Test	2 Meters
	Dust/Water Protection	IP67
	Operating Environment	-30° C ~ 60° C
	Certificate	CE, RoHS, MIL-STD-810G, IEC 60529-2013
